He stated that from some of the hearses a most obnoxious smell arcse, and disgusting chough to create an infectious disease. The inhabitants are of opinion that the smallpox last year, arose from this source, and they therefore ask that they be directed to move on, and not stand in the street awaiting the arrival of the carriages by successive boats.

coasive boats.

An order was made directing hearses to be driven to or beyond the corner of L and Sixth streets, and there to await the arrival of the carriages.

A commonication was received from Dr. Wm. Wright, of Greenpoint, (Seventeenth awd), stating that Lewis M. Savers, ship carpenter, a native of Massachusetts, died at his residence in Orchard street, near Collyer street, and the 20th inst., of billous remittent fever of a malignant type. He was a ship carpenter by trade, and contracted the phasese by working in the hold of a vessel. He also mensions the feath of Mr. H. Stout, some time previously, of samin to recommend ship carpenters to keep clear of the "bolds" of vessels until thoroughly wentilated and thoroughly imagated with disinfecting agents. The communication was placed on file.

A number of the residents in the neighborhood of the Pierrepoat House, complain of that establishment for maintaining a nuisance by pumping into the street continually the waste water and filth of the house, thereby treating an officer water and filth of the house, thereby treating an officer water and the otherwise than destimental to the public health. The subject was referred to fealth Warden West for report.

The following vessels were allowed to lighter or land their carpoes:—Big Elizabeth Watts, from Ponce, P. R., sugar and molasses; brig Abbon, from Cardenas, sugar; brig Strilght, from Sagea la Grande; brig Frederick Bemling, from Rio Grande, Brazil, with hides and hair. In regard to the last named vessel, permission to discharge her carpo had herotofore been denied; but it appearing that the port from which she cleared was perseably healthy, and the totion of the Board prohibiting the landing of hides before the let of October had been taken subsequent to her arrivat, the request was granted.

Complaints having been made that the railroad company ceased to run care below Thirty-sixth street, a resolution was adopted directing the clerk to notify the company that they have not been prohibited from running below that like.

the Board to portions of the letter of Dr. Thompson, (published in the Herald,) presented on Wednesday before the meeting of the Commissioners of Emigration. He alleged as incorrect the statement of his having sen permits to the Quarantine Deputy Health Officer and th sistant physician at the Hospital, so that they could be lowed to pass outside the barricade. He stated in ex-mantion that these permits were furnished at the re-est of the parties receiving them.

A discussion next took place as to the feasibility of dis-serging the men energing as partie control.

Justice Fuxan pronounced it, in his view, preposterous to keep a set of it is employed as aguard outside the gate, at an expense to the down of \$21 a day, and particularly as they seemed to be productive of no benefit in preventeither through the gate or else by scaling

Dr. Laz stated that, at present, twelve men were employed by him—two at the gate, and four others scattered at intervals between the gate and the steamboat dock. Six were thus employed during the day, and six others at the state of the state of

escaping.

A vote being taken on the matter, it was decided to
discharge eight of the men and retain four—two to stand
watch at the hospital gate during daytime and two
through the night.

Mr. L. C. Chaux, Counsel to the Beard, made a statement relative to the recent examination before Justice
Birdseye, in the case of Joseph Silva and Peter Roff. The
decision, he said, had been given, directing the discharge
of these parties. As the decision had not been made in
writing, he was at a loss to account for the grounds of the
decision, unless it was because the egulations adopted by
this Board came in conflict with the quarantine laws. He
considered the or linance adopted by this Board valid,
nevertheless, and he should sak to have the case tried before a full Supreme Court. He advised that the names of
those coming out from the hospital enclosure without permits be retained, as doing so was, in his opision, a misdemeaxor, and as he designed to have the case of such
parties presented to the Grand Jury of Richmond county,
for indictinent, at its next sitting.

Justice Dr. Forser presented the following preamble
and resolution, which was unanimously adopted:—

A NEW WORK BY J. T. HEADLEY.—CHARLES SCRIBNER will publish on Saturday, the Zed inst. AN ILIAEVARCATED LIFE OF OF GEORGE WASHIMOTON, By J. T. Headley. I vol. 8vo., with 41 full page engravings, from original designs, Price S.

FIGN PREFACE.—My design is to popularise the life of Washington, by confining myself to events and incidents intimately connected with him and his movements, and thus make the work less voluminous than it would be if it embraced a more decidied history of concurrent events. Recent collections of documents, throwing new light on the War of the Revolution, make such a work desirable. All of Rufus Putnam's papers and correspondence and diary have also been put into my hands, which shed an entirely new light on some of the most interesting events of the Revolution and movements of Washington. The reader will therefore find a vast number of facts in this work which have never before appeared in any life of Washington, but which add greatly to the interest which surrounds his character.
